

ABOUT ME

Hi, my name is Andreas, and my passion is designing and developing smart and useful software. My creative mindset and my developing knowledge can help your company grow and achieve new milestones. A key point that I want to mention is that I'm working hard until I get the best result. I'm very honest, and I can work as a part of a team.

EDUCATION

BSc in Computer Science

2016 - 2020

Ionian University

I completed my studies at Ionian University in **2020**. During my studies I learned to solve problems and to withstand all the pressures I encountered.

The University has provided me with the opportunity to develop multiple basic programming skills in:

- Unix Commands
- C & C++
- Java and Javascript
- Python
- HTML5 & CSS
- PHP
- SQL

Army Service

2014 - 2016

Cyprus Special Forces

During the years **2014 to 2016** I fulfilled my military duties in the Special forces of Cyprus (LOK). Being a Special forces soldier has taught me the meaning of discipline and responsibility, as well as alertness and composure in times of emergency.

- Training in weapons
- Mental endurance
